

NIST on WTC7 Freefall

- Draft Report (Aug '08)
 - There was no freefall. Initial descent time was 40% longer than freefall would have taken.
- Final Report (Nov '08)
 - “This freefall drop continued for approximately 8 stories...”
- This dramatic change in position has been hidden from the American public.
- In NIST press release accompanying Final Report, changes between these two reports are listed, but freefall is NOT mentioned.
