

**We Are Change
San Antonio * Austin**

Doubletree Hotel

The Architects & Engineers 911 Truth Press Conference & Seminar will be held in the DeWitt Room just off the main lobby on the ground floor. As you enter the lobby turn left before the elevators and into the long prefunction room (gray on plan below) to the last room on the right (tan).

The Press Conference and Seminar will cost \$15 per person, payable at the door. Covered parking garage is free. The hotel is between Pappasito's Cantina and Pappadeaux's Seafood Kitchen. That's where everyone eats! And if you need to stay overnight you can park your car in the garage and not move it until you go home.

PRESS CONFERENCE & SEMINAR

March 20, 2010 * 3-9 PM Doubletree Hotel * Austin , TX *
DeWitt Room

Over 1000 Architects & Engineers sign petition calling for new investigation of the demolition of 3 skyscrapers at the World Trade Center

PROGRAM:

Do you like mysteries? You will want to come hear about this one, as it effects everything in your life. Would you like to see a model of the World Trade Center at 1"=30' and learn how the towers were constructed in model form and discover what really brought these structures down? Then you will enjoy this Press Conference and Seminar.

PRESENTERS:

Ronald F. Avery, architect, will present his models and drawings showing how the Twin Towers were constructed proving that these buildings do not lend themselves to pan caking and proving that localized damage over several floors cannot cause global collapse:

- Five story hat truss on roof
- Vierendeel wall trusses
- Space Frame floors
- Moment reducing Truss Belts.

Ron will also present the elements required to prove a conspiracy in court and the philosophy that breeds 9/11 events and "terrorist attacks."

Dr. Almond Hays, environmental engineer, will present the paper entitled *Active Thermitic Material Discovered in Dust from the 9/11 World Trade Center Catastrophe* printed in *The Open Chemical Physics Journal*, 2009, 2, 7-31. This paper changes everything related to 9/11, as it is the finger print of the real mass murderers behind the scenes. Dr. Hays will also present the mathematical probability of the types of events that occurred on 9/11.

Dr. Robert M. Bowman, retired air force Colonel will make a presentation on the 9/11 Commission (Omission) Report, and corporations and the 9/11 wars.

Derek Johnson, E.I.T. will speak and present a power point on the free fall collapse of the 47 story WTC-7 and the NIST report.

We will also show video from the San Francisco ae911truth press conference from 2/19/10 and other videos related to the World Trade Center. Ron will review a video of the structure of the Twin Towers and explain it as it plays. Also, special guests may be on hand.

But if you cannot make it, you may watch it on your computer at www.LiveStream.com/BubbaFactor

FORMAT:

Matthew Medina of "We Are Change" San Antonio will be the Master of Ceremonies and Ron Avery will open and close the Press Conference and Seminar with a few remarks.

12:00 Noon Join us for lunch at Pappasito's and walk back.
